# REMIT Regulation

## REMIT Regulation (December 2011)

- Commission Regulation (EU) No 1227/2011 of 25 October 2011 on wholesale energy market integrity and transparency

### Scope:

#### 1. Publication of inside information

- The obligation to disclose inside information according to Article 4 (1) of REMIT lies with the market participant.
- Likelihood of having a significant price effect

Elia is not responsible for publication of inside information of other market actors but could help for the publication of third party data in some cases.

#### 2. Reporting of detailed data to ACER for monitoring purpose

- REMIT implementing acts will define the data to report to ACER (expected in Q4 2013).
- Market participants shall provide the Agency with a record of wholesale energy market transactions

## Transparency Regulation (June 2013):

- **Commission Regulation (EU) No 543/2013 of 14 June 2013 on submission and publication of data in electricity markets and amending Annex I to Regulation (EC) No 714/2009**

## Scope :

### 1. **Publication of Fundamental electricity data**

- **Establishment of a central information transparency platform by ENTSO-E for publishing of all data that need to be submitted by TSOs, (deadline 5 January 2015).**
- **Transfer of national data by TSOs to ENTSO-E platform**
- **‘primary owner of the data’ means the entity which creates the data; [...] They shall ensure that the data they provide to TSOs are complete, of the required quality and delivered in due time for processing and publications**

## 2. EU publication platform:

### 1. Load and load forecast

### 2. Transmission

- transmission assets
- transmission capacity and use of XB capacity
- congestion management measures

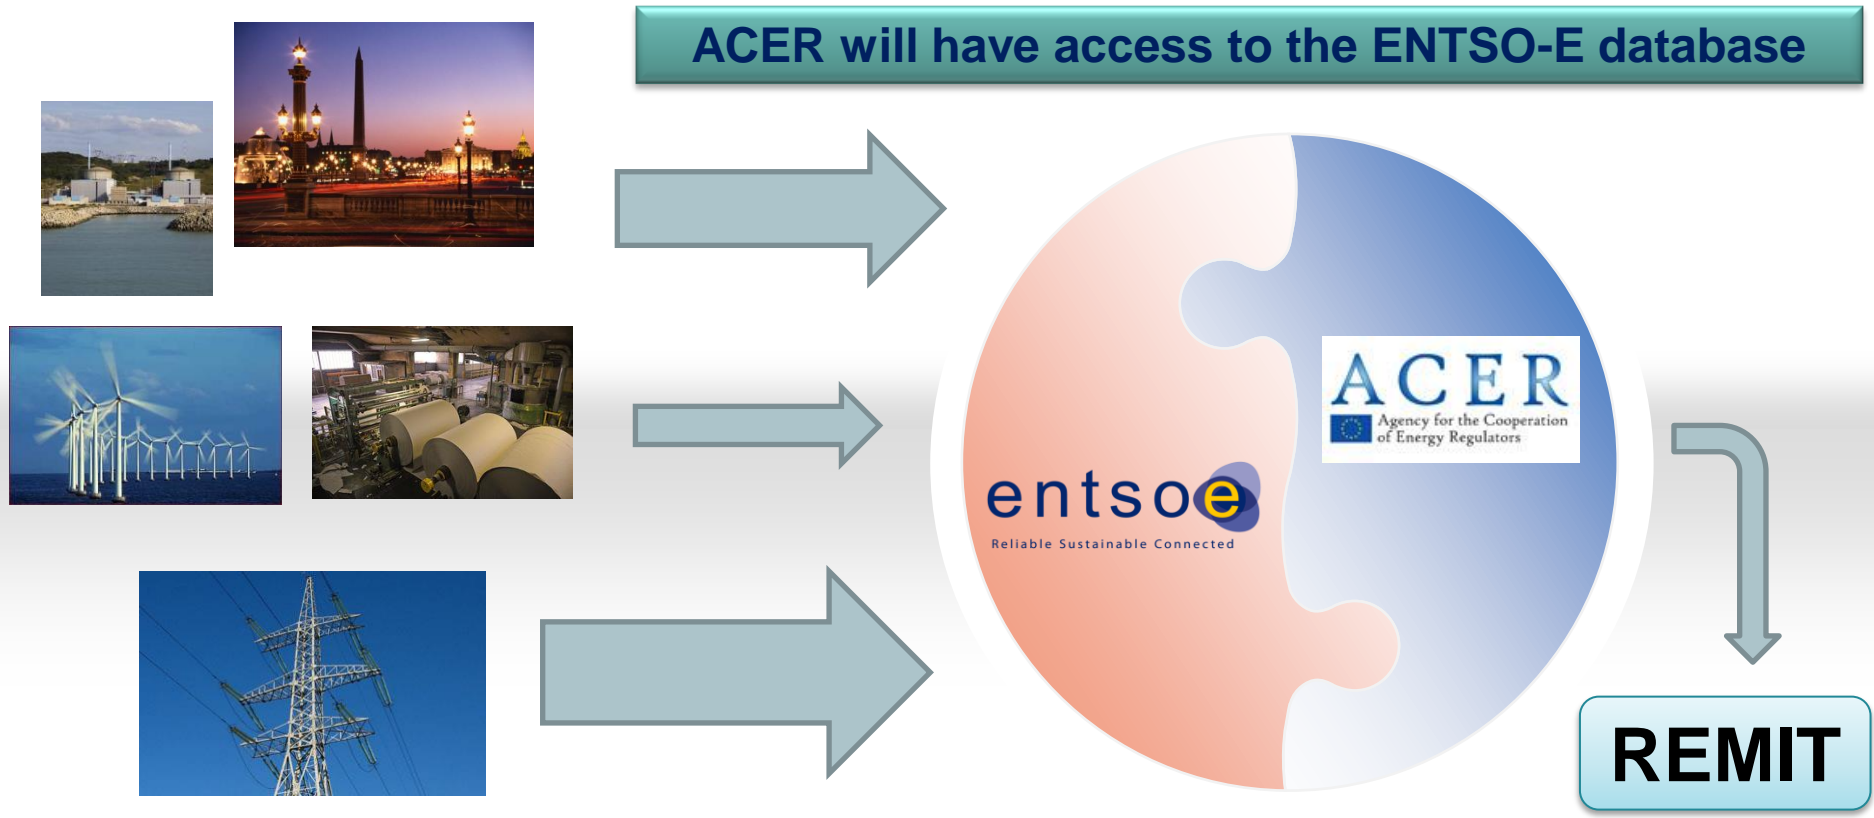

### 3. Generation:

- forecast and actual generation
- unavailability of generation & production units
- *Article 14 (b) information about production units (existing and planned) with an installed generation capacity equaling to or exceeding 100 MW. [...] shall be published annually for the three following years no later than one week before the beginning of the first year to which the data relates*

### 4. Balancing data

# Link with REMIT

ACER will have access to the **Fundamental Information** gathered by ENTSO-E for the purpose of REMIT

It is not foreseen in a 1st step that the platform is used for the publication of Urgent Market Messages (but it was asked by ACER for the future)
