

**Your personal invitation to
the Cross Border Intraday Trading (XBID) Solution Pre-launch Event
Wednesday 31st January 2018, Sheraton Hotel, Brussels Airport**

Dear Sir/Madam,

We are pleased to invite you to our important Cross Border Intraday Trading Solution Pre-Launch Event.

The launch of the Intraday Trading Solution is targeted for March 2018 and will enable continuous trading of electricity across the following countries: Austria, Belgium, Denmark, Estonia, Finland, France, Germany, Latvia, Lithuania, Luxembourg, Norway, The Netherlands, Portugal, Spain and Sweden. The NEMOs and TSOs from these countries have arranged this event to provide you with an interesting and informative opportunity to learn more about the XBID solution before the launch.

The pre-launch event, which is free of charge, is due to be held:
**10:00-17:00 CET on Wednesday 31st January 2018
at the Sheraton Hotel, Brussels Airport**

We have nearly completed testing the XBID solution and are therefore undertaking the go-live preparation activities ahead of the planned launch. We hope to publish our target launch date shortly.

The event will include a key note speech from Dr Klaus-Dieter Borchardt, EC, Director of the Internal Energy Market, as well as presentations covering an overview of the XBID project, borders/market areas/products, information from the Local Implementation Projects and involvement of Market Parties in NEMOs' Members' Testing and preparation for go-live.

Please confirm your attendance to the User Forum to sdornick@e-bridge.com by 15th January 2018.

We trust that you will be able to attend this interesting event and we look forward to welcoming you.

Please note that due to a limited number of seats the registration is limited to only one participant per company.

Yours faithfully

On behalf of the XBID project parties

Jean Verseille and Stefano Alaimo
Co-chairs of the Steering Committee
