

MODULAR OFFSHORE GRID
 Planned layout of subsea cables
 and offshore high-voltage substations

- - - Planned subsea cables (Elia)
- - - Planned subsea cables direct current (Elia & National Grid)
- - - Planned subsea cables by windfarm operators
- Existing subsea cables
- - - Onshore link
- STEVIN Elia's high-voltage substation
- NEMO High-voltage Direct Current converter station
- SLIJKENS Existing onshore high-voltage substation
- ZEEBRUGGE Existing onshore high-voltage substation
- OSY MOG OSY MOG Offshore Switch Yard
- Existing wind farm
- Wind farm under construction
- Planned wind farm
