Dear Martine,

Thank you for your mail.

ODE and EDORA are currently preparing a thorough analysis of CRM in Belgium, considering inter alia the new European legislative package.

Our federations will provide Elia a global feedback before the summer break. It would be premature to give you feedback on specific options at this stage.

We will continue to actively participate in the task-force organised by Elia.

Thanking you in advance for your understanding.

Bram Claeys (ODE) and Jehan Decrop (EDORA).
