

Public consultations 2020

First estimation

Elia, 3 December 2019

Roxanne Vande Zande

Scope

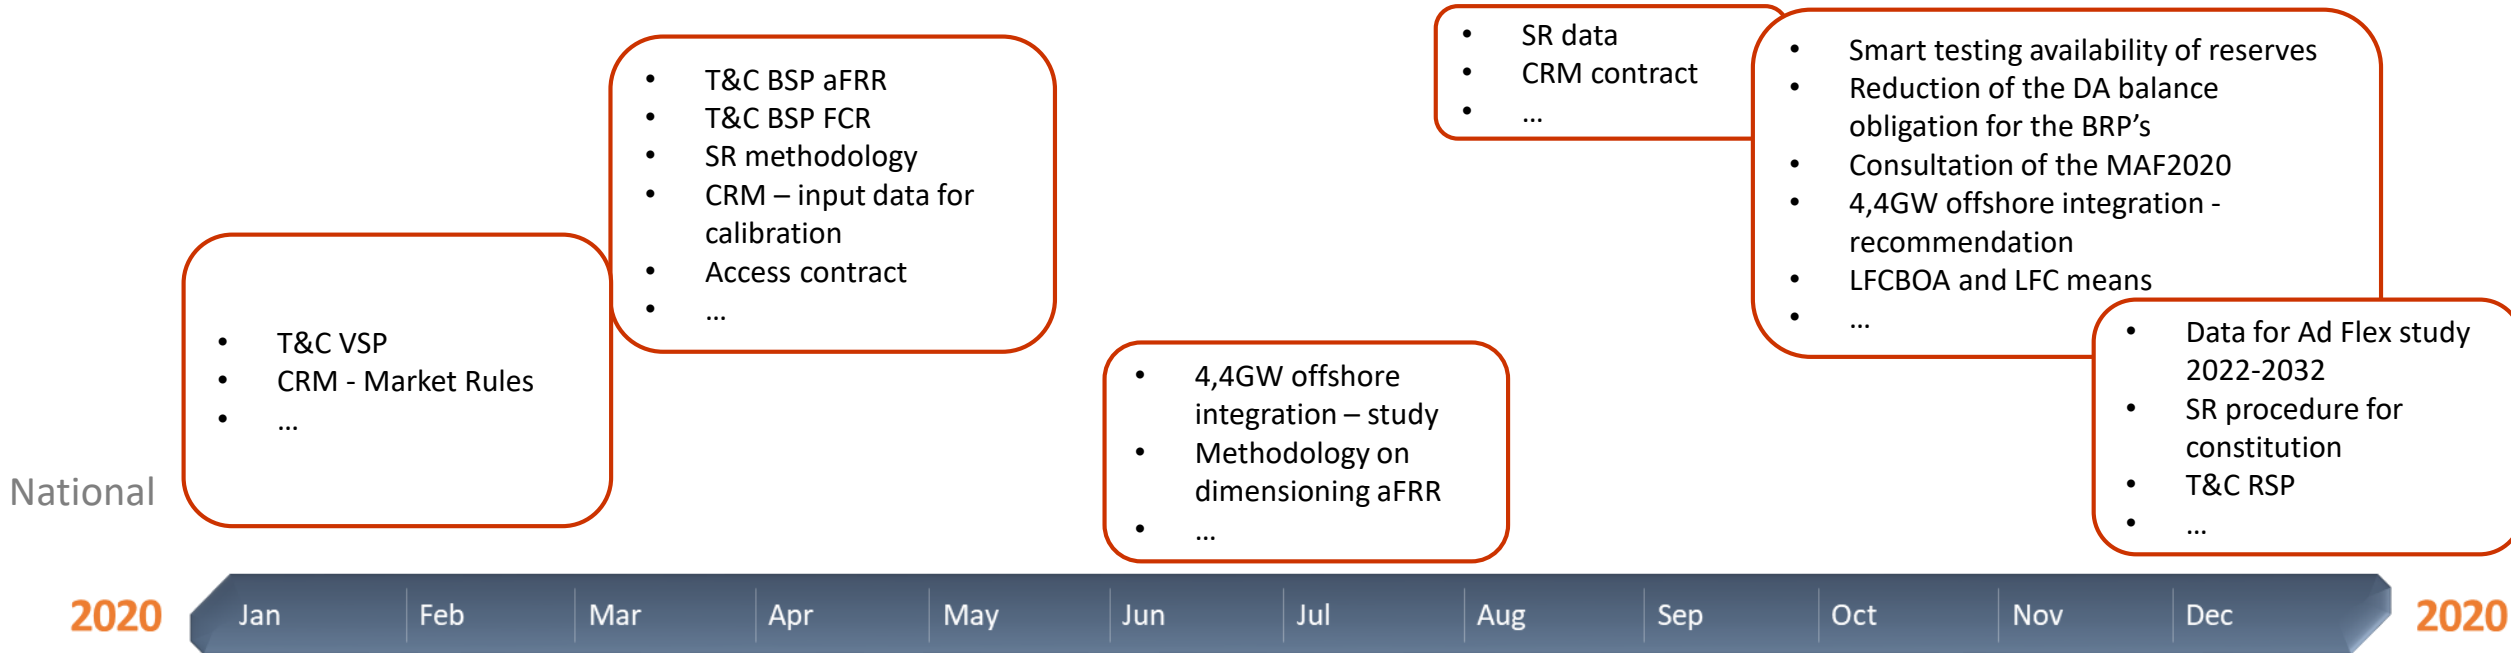

- In 2020 around **25-30 consultations** will be launched

Disclaimer:

- This first, high level overview is based on the legal deadlines included in the electricity law, FGC and the EU network codes and guidelines or requests by the regulator.
- However final planning still needs to be discussed with the regulator and as such can be modified in accordance with their views and requests!

Best effort

- Elia tries to spread the launch of the ≠ consultations as much as possible and foresee sufficient time (≠ consultations periods) for stakeholders to respond to the consultations.
- Where possible we will also try to combine/cluster consultation topics
