

# WG Belgian Grid Work plan 2020

Plenary meeting – David Zenner

3 December 2019

# Federal Grid Code

## 2020

### 2 actions:

1. Minor revision of the FGC
2. Implementation of the FGC (in line with the EU net codes)

### **Revision of the FGC in order to correctly implement the CRM**

Timing: Q1-Q2/2020

### **Implementation of the FGC (in line with the EU net codes)**

- Substantial modernisation – Elia guidelines  
Timing: Q1-Q2/2020
- Drop-off procedure – Elia proposal to modify the Access contract (see next slide)

Timing: Q1-Q3/2020

Public consultation will be part of the consultation of the Access contract

# Regional grid codes 2020

## Brussels:

- Elia received a mandate of BRUGEL to draft a proposal for a revised grid code
- Discussions with BRUGEL are ongoing
- Members of the WG Belgian Grid will be informed on the proposed modifications
- Timing: Q3/2020

## Flanders:

The VREG will initiate a first, minor revision of the regional grid code (PVN) in the beginning of 2020

## Wallonia:

No information available at this stage.

# Revision of the access contract 2020

## Actions:

- Follow-up of the discussions that took place in 2017
- Introduction of the drop-off procedure
- Alignment with the FTR (mostly terminology)
- Restructuring of the access contract and proceed with the digitalisation of the annexes

Timing: Q1-Q3/2020

Public consultation will be foreseen in April/May 2020.

# Revision of the connection contract

## 2 different streams:

1. Fast track in 2020 (in the framework of CRM)
2. In // an in-depth revision of the connection contract will be performed (to bring the contract in line with the EU net codes and FTR)

### **2020:**

- Fast-track revision, limited to the modifications needed to implement the CRM;
- Modifications in scope of the revision: Capacity reservation procedure, bank guarantee (penalties), ...

### **2020 - 2021:**

- in-depth revision of the connection contract in order to comply with the EU net codes (connection, SOGL, ...) and FTR;
- Restructuring of the contract and proceed with the digitalization of the annexes;
- Discussions with the members of the WG Belgian Grid will start by the end of 2020;
- Public consultation will be held in 2021 (depending on how the discussions proceed)

# Other topics

## 2020

- Yearly revision of the **regional development plans**  
Timing: Q4/2020
- Analysis on how to deal with **small production unites within a CDS?**  
Timing: Q3-Q4/2020
