Settlement UI

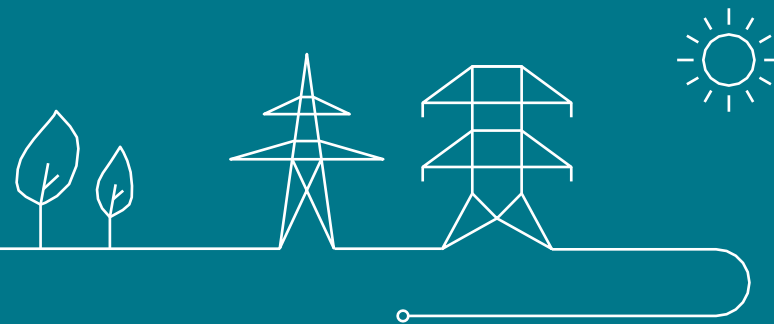

Q&A

Your feedback

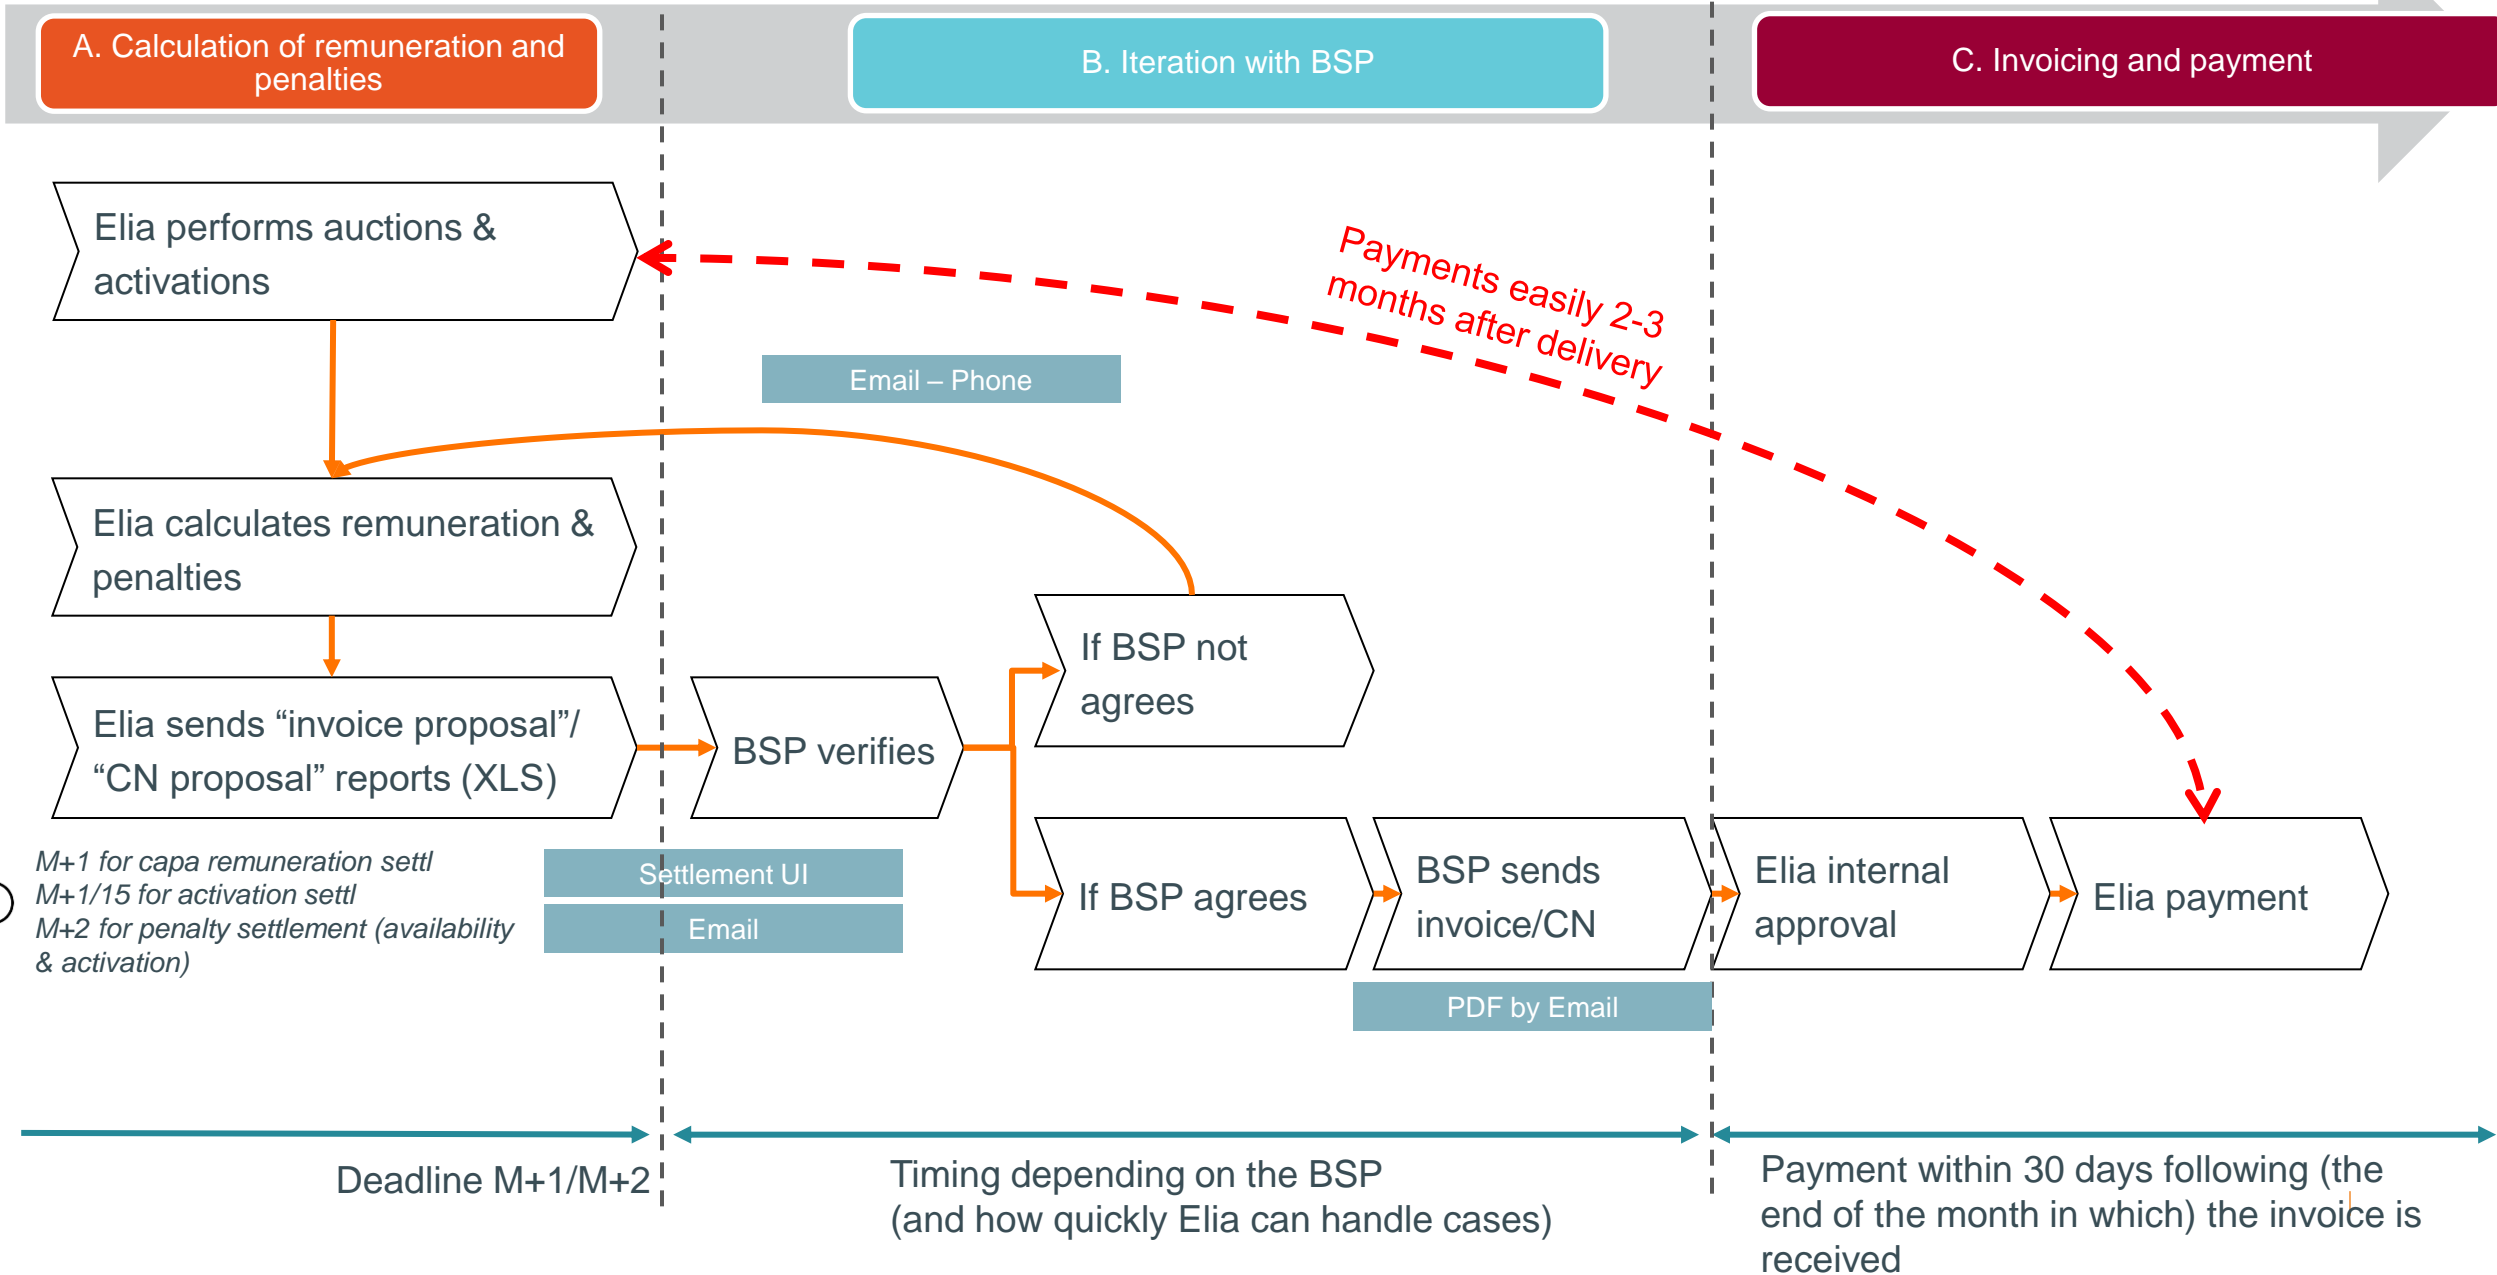

Why ?

AS IS : explanation on the current process of BSP settlement

Current Ancillary Services settlement process

A. Calculation of remuneration and penalties

B. Iteration with BSP

C. Invoicing and payment

Elia performs auctions & activations

Elia calculates remuneration & penalties

Elia sends "invoice proposal"/ "CN proposal" reports (XLS)

BSP verifies

If BSP not agrees

If BSP agrees

BSP sends invoice/CN

Elia internal approval

Elia payment

Email - Phone

Payments easily 2-3 months after delivery

PDF by Email

Settlement UI
Email

M+1 for capa remuneration settl
M+1/15 for activation settl
M+2 for penalty settlement (availability & activation)

Deadline M+1/M+2

Timing depending on the BSP (and how quickly Elia can handle cases)

Payment within 30 days following (the end of the month in which) the invoice is received

Timings - AS IS – T&C IN PRACTICE

2024

2024

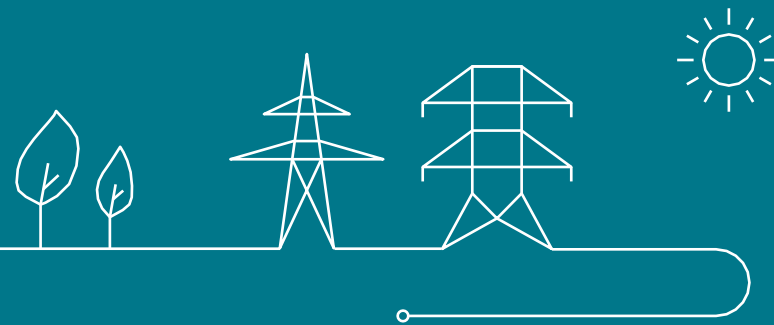

No obligation for ELIA in T&C to provide these reports

Timing between provision of reports by ELIA and reception of the invoice from the BSP by ELIA, depends on the speed of treatment by the BSP

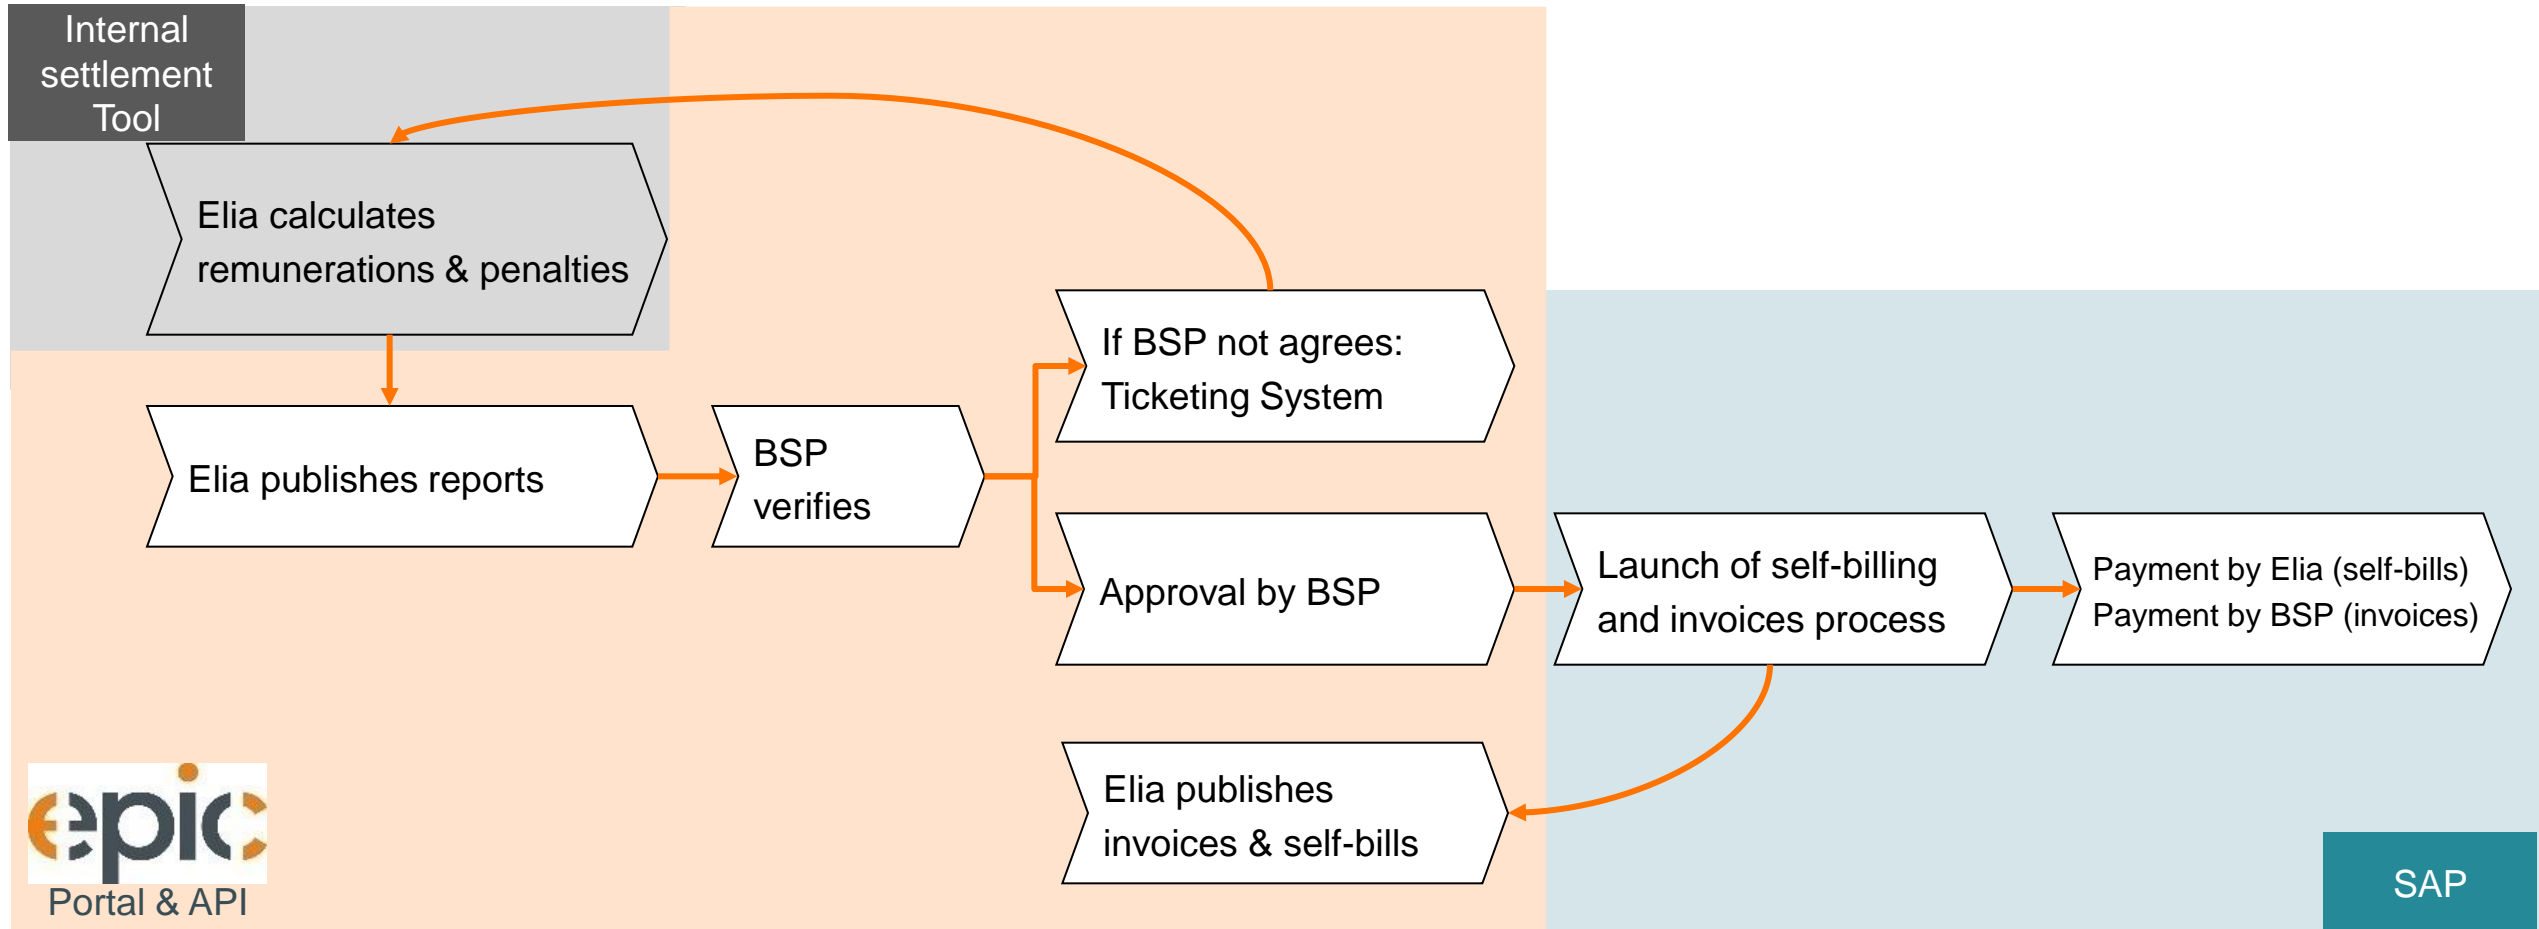

How ?

TO BE : explanation on the future process

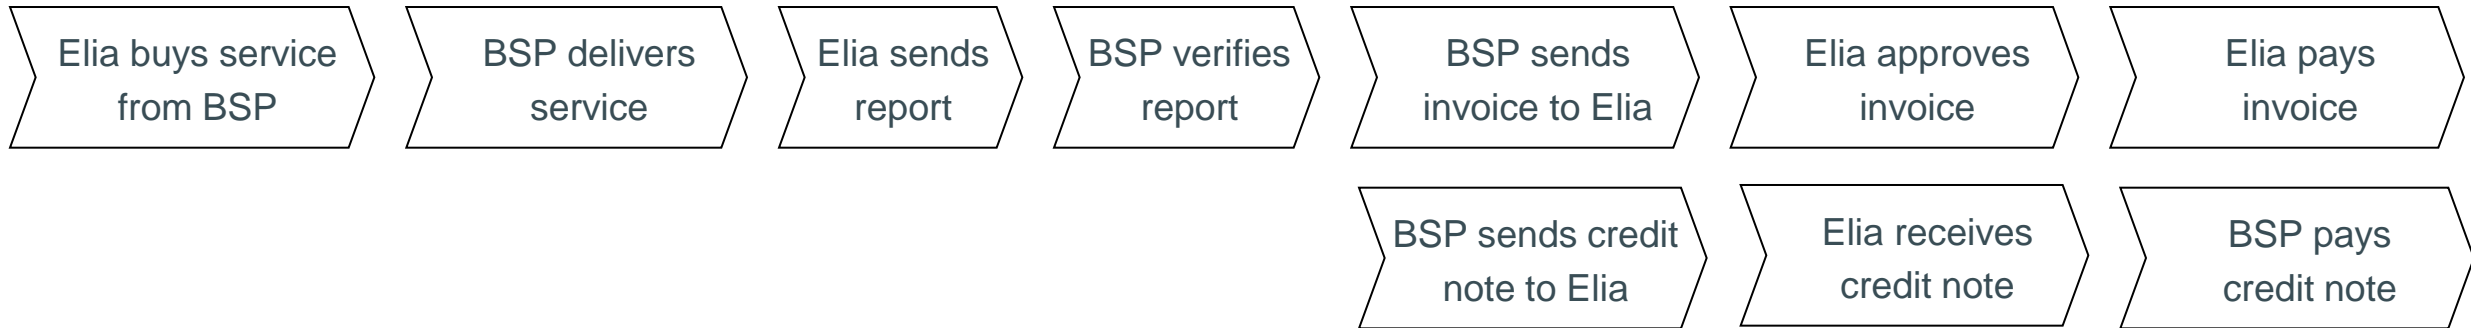

BSP Faster Settlement – proposed future process

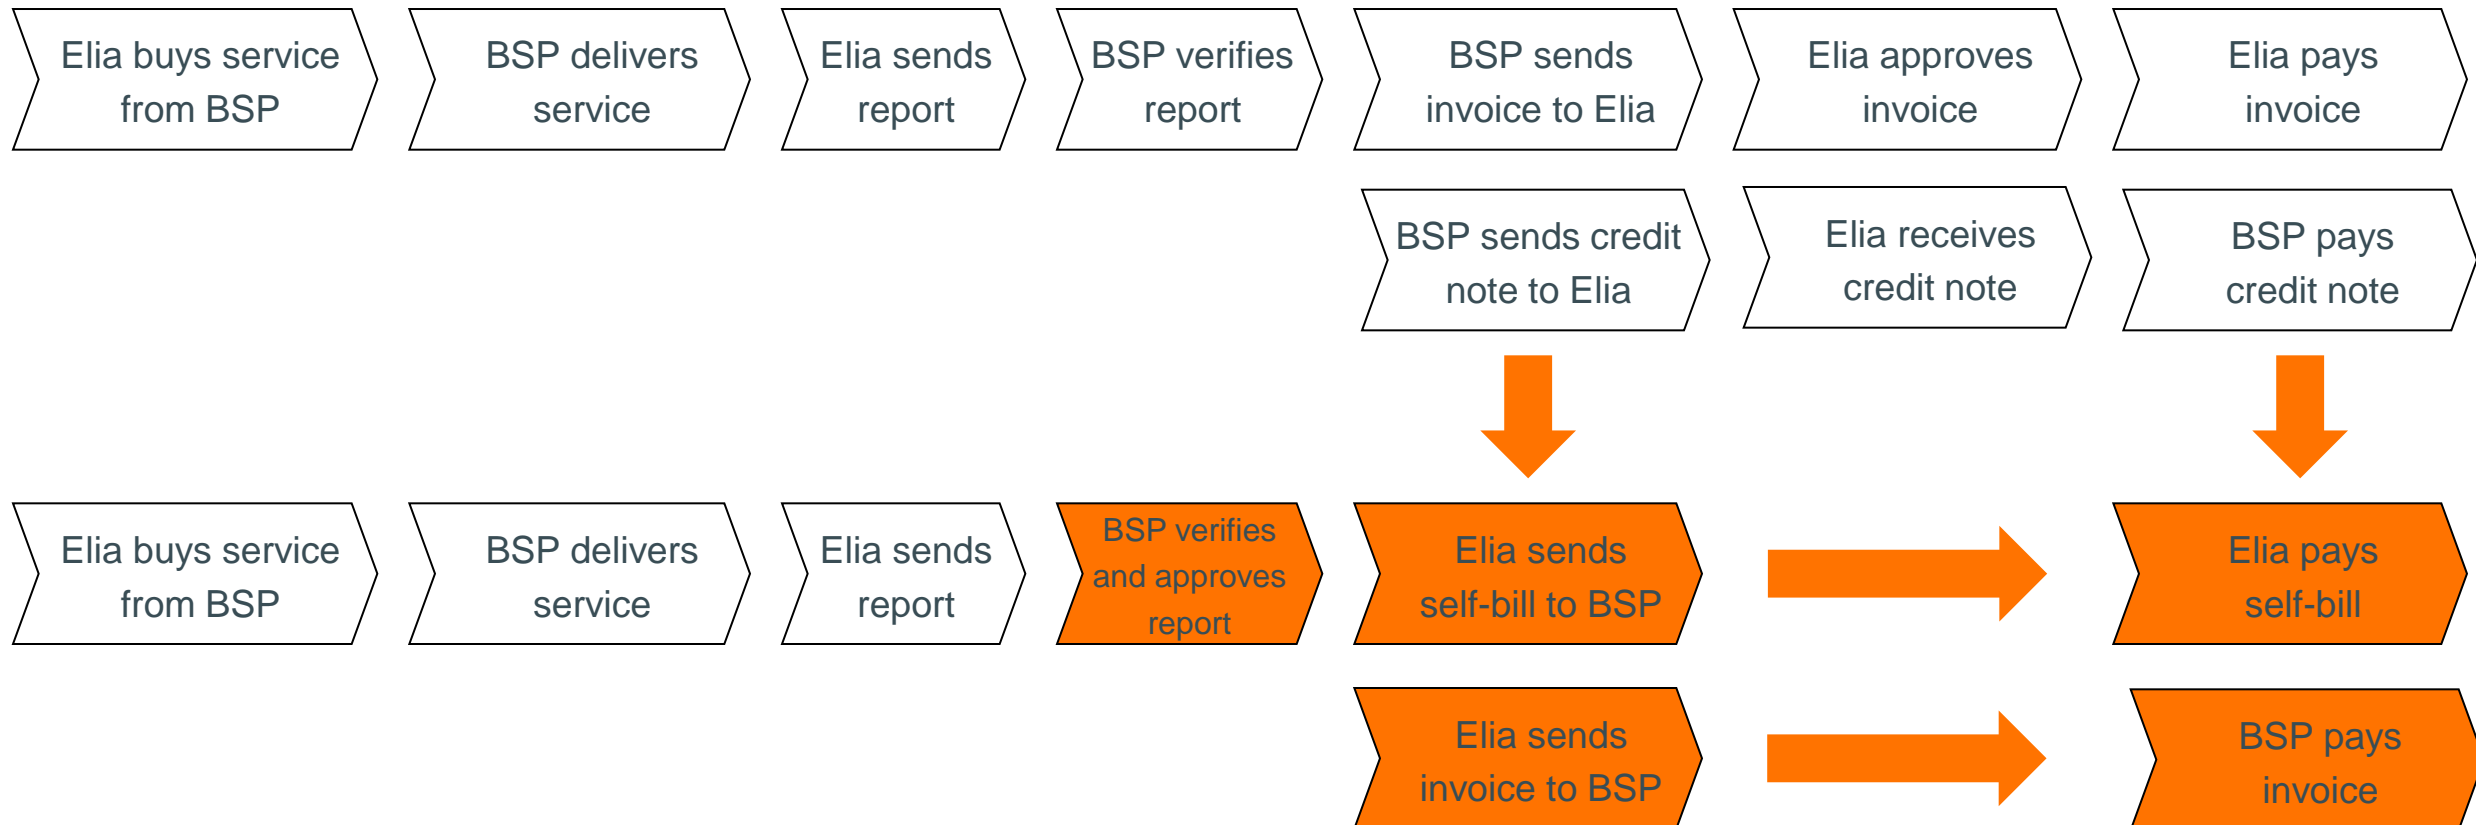

The principle of Self-Billing

Self-billing is a process in which a buyer prepares its own invoice for the goods and services provided by supplier. *Traditionally, the supplier of the goods and services prepares and sends the invoice, and then the buyer checks and pays the invoice. With self-billing, this process is reversed.*

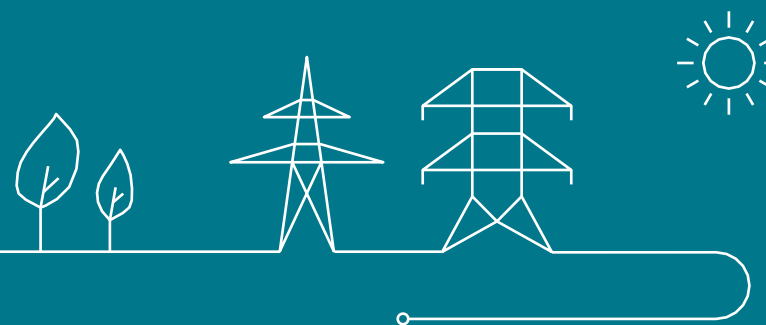

The principle of Self-Billing

Self-billing is a process in which a buyer prepares its own invoice for the goods and services provided by supplier. Traditionally, the supplier of the goods and services prepares and sends the invoice, and then the buyer checks and pays the invoice. With self-billing, this process is reversed.

What ?

The scope and the deliverables requested in the incentive 2025

Scope of incentive 2025 “BSP faster settlement”

final decision CREG October 2024

- **Faster processes for the 4 types of settlement reporting for FCR, aFRR and mFRR**
 - Renumeration of awarded capacity
 - Remuneration of activations (*not applicable for FCR*)
 - Penalties for availability/obligation control
 - Penalties for activations control
- **Proposed improvements**
 - An accelerated calculation and provision of the settlement reportings to the BSP (at the latest end M+1)
 - The publication of the settlement reportings and invoices on a unique communication platform (= EPIC)
 - The switch from traditional billing process to a self-billing process (i.e. self-bills for remuneration and invoices for penalties)
- **Deliverables**
 - **Part 1** : after discussion with BSPs, the following should be provided to CREG by 30.06.2025 :
 - Reports/MoM from meetings with BSPs
 - Implementation plan of 4 types of settlement reporting for FCR, aFRR and mFRR in the go-live window
 - **Part 2** : a go-live window between mid 2025 and mid 2026
 - with at least the go-live of the settlement reporting for remunerations of awarded capacity and activations in Q4/2025

Scope of incentive 2025 “BSP faster settlement”

final decision CREG October 2024

	FCR	aFRR	mFRR
Remuneration awarded capacity	< 31/12/2025	< 31/12/2025	< 31/12/2025
Remuneration Activations	n/a	< 31/12/2025	< 31/12/2025
Obligation Control	< 30/06/2026	< 30/06/2026	< 30/06/2026
Activation Control	< 30/06/2026	< 30/06/2026	< 30/06/2026

Timings – TO BE – requested by incentive CREG

2024

2024

	Jul	Aug	Sep	Oct	Nov	Dec
	month M	month M+1	month M+2	month M+3	month M+4	month M+5
FCR	remuneration awarded capa		★ remuneration awarded capa Report by ELIA			
	Obligation Control		★ Obligation Control Report by ELIA			
	Activation Control		★ Activation Control Report by ELIA			
aFRR	remuneration awarded capa		★ remuneration awarded capa Report by ELIA			
	remuneration activations		★ remuneration activations Report by ELIA			
	Obligation Control		★ Obligation Control Report by ELIA			
	Activation Control		★ Activation Control Report by ELIA			
mFRR	remuneration awarded capa		★ remuneration awarded capa Report by ELIA			
	remuneration activations		★ remuneration activations Report by ELIA			
	Obligation Control		★ Obligation Control Report by ELIA			
	Activation Control		★ Activation Control Report by ELIA			

End M+1* ———★ payment by ELIA

Payment by ELIA is done after explicit/implicit approval by BSP of the received reports.

** These timings are considered as final deadlines to provide the necessary reports to the BSP, however the delivery for some could be earlier.*

Timings – TO BE – requested by incentive CREG + possible commitment from ELIA for certain deadlines in T&C

2024

2024

	Jul	Aug	Sep	Oct	Nov	Dec
	month M	month M+1	month M+2	month M+3	month M+4	month M+5
FCR	remuneration awarded capa	★ remuneration awarded capa Report by ELIA				
	Obligation Control		★ Obligation Control Report by ELIA			
	Activation Control		★ Activation Control Report by ELIA			
aFRR	remuneration awarded capa	★ remuneration awarded capa Report by ELIA				
	remuneration activations	★ remuneration activations Report by ELIA				
	Obligation Control		★ Obligation Control Report by ELIA			
	Activation Control		★ Activation Control Report by ELIA			
mFRR	remuneration awarded capa	★ remuneration awarded capa Report by ELIA				
	remuneration activations	★ remuneration activations Report by ELIA				
	Obligation Control		★ Obligation Control Report by ELIA			
	Activation Control		★ Activation Control Report by ELIA			

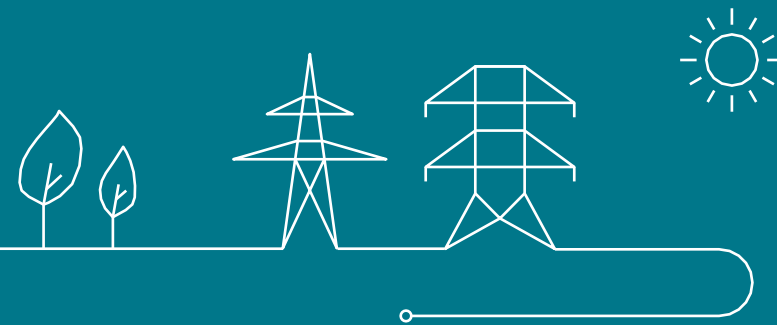

End M + x WD* End M+1

★
payment by ELIA

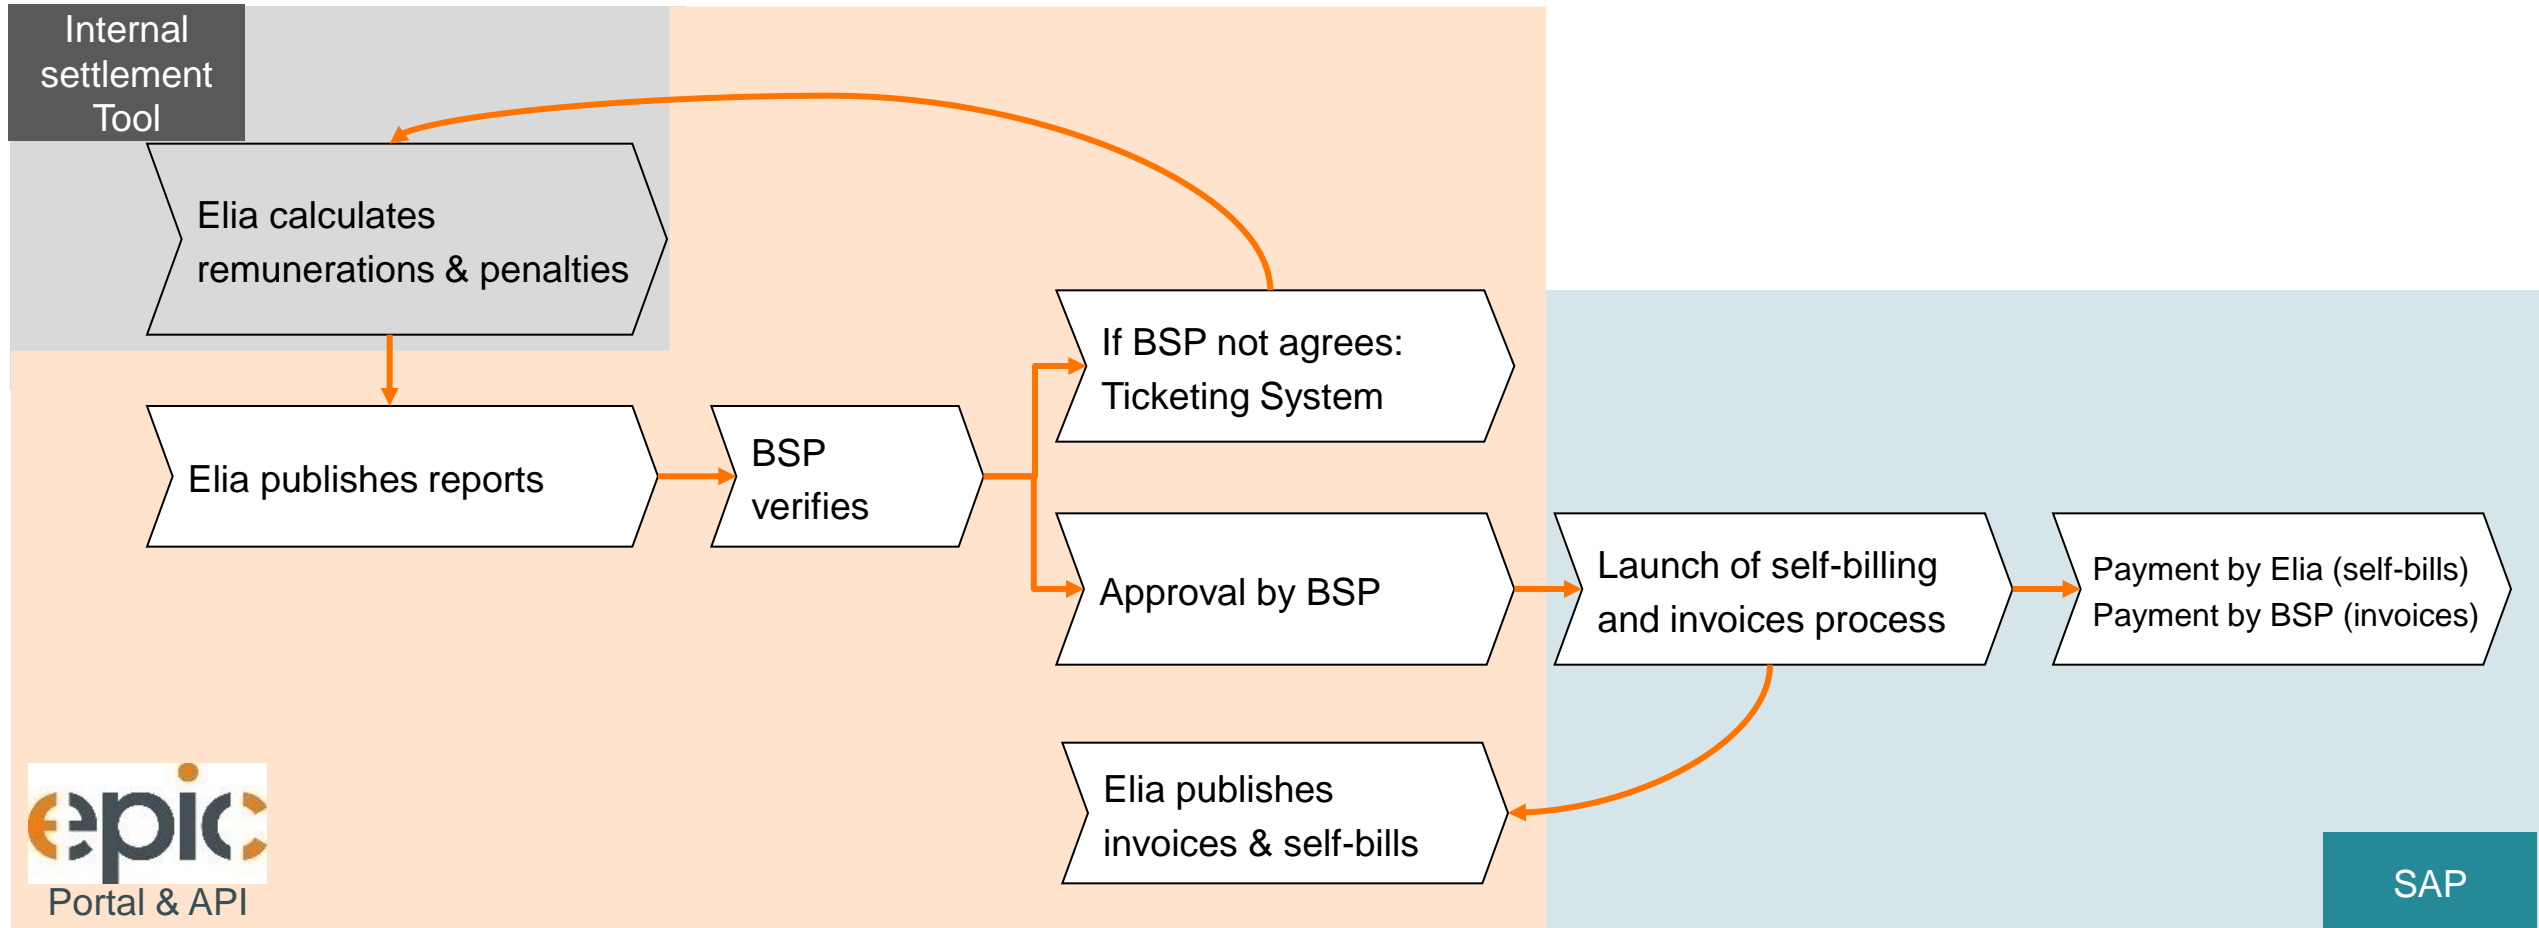

Payment by ELIA is done after explicit/implicit approval by BSP of the received reports.

* monthly settlement reportings for remuneration of Awarded Capacity & Activations could be provided earlier than end M+1.

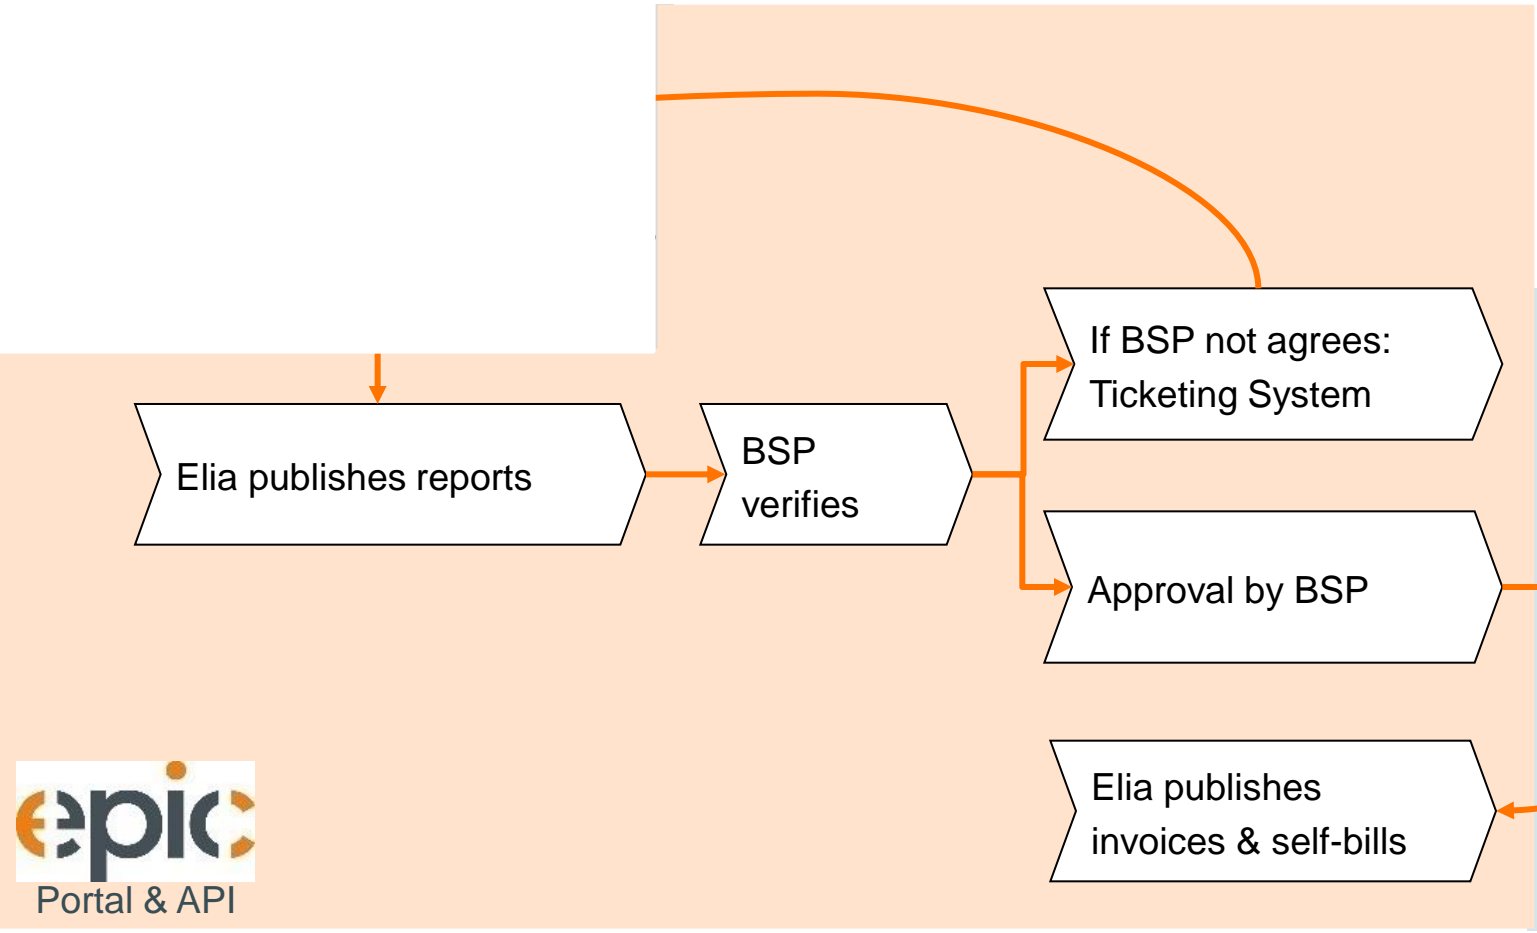

Impact

BSP Faster Settlement – proposed future process

BSP Faster Settlement – proposed future process

Foreseen improvements

- Publication of settlement reports

The screenshot shows a dashboard with a table of settlement reports. The table has columns for months (Jun, Jul, Aug, Sept, Oct, Nov) and rows for different categories. The categories are grouped into three sections: FCR, AFRR, and WFR.

	Jun	Jul	Aug	Sept	Oct	Nov
FCR						
Remuneration for FCR awarded	●	●	●	●	●	●
Capacity Availability Control Penalty	●	●	●	●	●	●
Activation Control Penalty	●	●				
AFRR						
Remuneration for AFRR awarded	●	●	●	●	●	●
AFRR Made Available Control Penalties	●	●	●	●	●	●
Remuneration for AFRR Requested	●	●	●	●	●	●
Activation Control Penalty	●	●				
WFR						
Remuneration for WFR awarded	●	●	●	●	●	●
Remuneration for WFR Requested	●	●	●	●	●	●
Activation Control Incentive	●	●				
Availability Test Control	●		●			●

- Publication of self-bills & invoices

BSP Faster Settlement – proposed future process

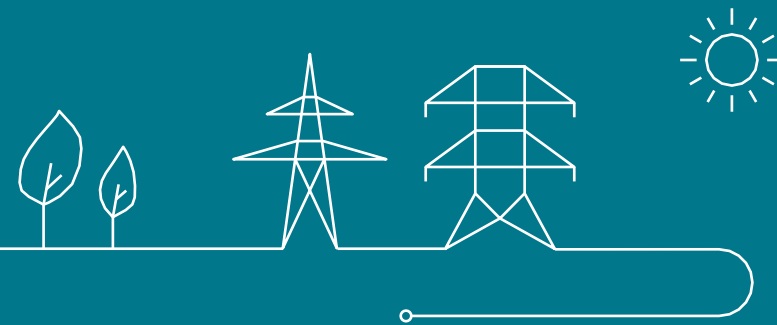

Foreseen improvements & impacts

- Implementation of automated invoicing & self-billing process
- Generation of invoices and self-bills by ELIA
- T&C : one single public consultation to be planned in 2025

EPIC Metering update

The last few months, Elia has been working on the metering data availability in EPIC. With the new release, we're able to provide you metering data in a faster and more reliable way compared to earlier EPIC versions. In the coming months, Elia will work further on making metering available closer to real-time and making the metering data available for the access contract holder and balancing responsible party in EPIC.

How can I consult my invoices?

EPIC allows you to have access to your invoices. However, make sure you received the rights and permissions from your administrator.

The screenshot shows the 'Invoices' page in the EPIC system. It features a sidebar with navigation options like Dashboard, Accounts, Companies, Contracts, Invoices, Metering data, and Nominations. The main content area is titled 'Invoices' and includes a dropdown for 'All companies' (callout #4), filter options for 'Show Invoices for period' (callout #3), and a table of invoice records. The table columns are: Status, Company (callout #1), Billing period, Billing date, Due date, Invoice Type, Amount (vat excl.), Amount (vat incl.), Contract ID (callout #2), and an action menu. The table contains 14 rows of data with varying statuses like 'Cleared' and 'Not cleared'.

Status	Company	Billing period	Billing date	Due date	Invoice Type	Amount (vat excl.)	Amount (vat incl.)	Contract ID	
Cleared			26/06/2019	29/07/2019		-21.534,42 €	-26.056,65 €		...
